Eastern Branch is pleased to announce an exciting event: Portraits Under the Bridge.

On July 28th at 10 am, Claude Brazeau and Steve Cain will be leading a photography session under the bridge in downtown Ottawa.

We'll meet at the NAC (National Art Center) main entrance on Elgin. Rain or Shine, this event promises to be one you won't want to miss.

Why should you join us? Well, besides being able to capture stunning portraits under the exquisite light beneath the bridge, this is also a great opportunity for new members to meet and get to know their fellow members. We are hoping that this event will help kickstart our Eastern Branch meetings again and pave the way towards more regular gatherings filled with learning opportunities.
